

Safety Data Sheet

VM&P Naphtha

SDS Revision Date: 01/18/2023

1. Identification

1.1. Product identifier

Product Identity SOL-50(VM & P Naphtha)

Alternate Names Ligroin, Petroleum spirit

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use See Technical Data Sheet.

Application Method See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet

Company Name Mac Coatings
1106 WALKER ROAD
WINDSOR, ONTARIO
N8Y 2N7

Customer Service: Mac Coatings (519)-252-7275

2. Hazard(s) identification

2.1. Classification of the substance or mixture

Flam. Liq. 2; H225	Highly flammable liquid and vapor.
Skin irrit. 2; H315	Causes Skin irritation.
Eye irrit. 2A; H319	Causes serious eye irritation.
STOT SE 3; H336	May cause drowsiness or dizziness.
STOT RE 2; H373	May cause damage to organs through prolonged or repeated exposure.
Asp. haz. 1; H304	May be fatal if swallowed and enters airways.

2.2. Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

Safety Data Sheet

VM&P Naphtha

SDS Revision Date: 01/18/2023

DANGER

H225 Highly flammable liquid and vapor.

H315 Causes skin irritation.

H319 Causes serious eye irritation.

H336 May cause drowsiness or dizziness.

H373 May cause damage to organs through prolonged or repeated exposure.

H304 May be fatal if swallowed and enters airways.

[Prevention]:

P210 Keep away from heat/sparks/open flames/hot surfaces and other ignition sources – No smoking.

P233 Keep container tightly closed.

P240 Ground / bond container and receiving equipment.

P241 Use explosion-proof electrical / ventilating / light / equipment.

P242 Use only non-sparking tools.

P243 Take precautionary measures against static discharge.

P260 Do not breathe dust/fumes/gas/mist/vapours/spray.

P264 Wash thoroughly after handling.

P280 Wear protective gloves / eye protection / face protection. Use only outdoors or in a well ventilated area.

[Response]:

P301 + 310 **IF SWALLOWED:** Immediately call a poison center or doctor/physician.

P302+352 **IF ON SKIN:** Wash with plenty of soap and water.

P303+361+353 **IF ON SKIN (or hair):** Remove / Take off immediately all contaminated clothing. Rinse skin with water / shower.

P304 + 340 **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P304+312 **IF INHALED:** Call a POISON CENTER or doctor / physician if you feel unwell.

P305+351+338 **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.

P308 + 313 If exposed or concerned: Get medical advice/attention.

P331 Do NOT INDUCE VOMITING.

P332+313 If skin irritation occurs: Get medical advice / attention.

Safety Data Sheet

VM&P Naphtha

SDS Revision Date: 01/18/2023

P337+313 If eye irritation persists: Get medical advice / attention.

P362 Take off contaminated clothing and wash before reuse.

P370 + 378 IN CASE OF FIRE: use Dry sand, dry chemical or alcohol resistant foam for extinction.

[Storage]:

P403+233 Store in a well ventilated place. Keep container tightly closed.

P403 + 235 Store in a well-ventilated place. Keep cool.

P405 Store locked up.

[Disposal]:

P501 Dispose of contents / container in accordance with local / national regulations.

2.3. Other Hazards

Vapors can accumulate in low areas. Vapors can form an explosive mixture with air.

3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
VM & P Naphtha CAS Number: 0008032-32-4	100	Flam. Liq. 2; H225 Skin irrit. 2; H315 Eye irrit. 2A; H319 STOT SE 3; H336 STOT RE 2; H373 Asp. Tox. 1; H304	[1][2]

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT-substance or vPvB-substance.

*The full texts of the phrases are shown in Section 16.

4. First aid measures

4.1. Description of first aid measures

General

In all cases of doubt, or when symptoms persist, seek medical attention.

Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. Get Medical attention immediately.

Eyes

Check for and remove any contact lenses. Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

Safety Data Sheet

VM&P Naphtha

SDS Revision Date: 01/18/2023

Skin In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash before reuse.

Ingestion DO NOT INDUCE VOMITING. If conscious, rinse out mouth with water.

4.2. Most important symptoms and effects, both acute and delayed

Overview

Effects of overexposure:

Acute: Eyes-may cause severe irritation, redness, tearing, blurred vision.

Skin/skin absorption- Prolonged or repeated contact can cause moderate irritation.

Defatting, dermatitis.

Breathing-excessive inhalation of vapors can cause nasal and Respiratory irritation and central nervous system effects including: Dizziness, weakness, fatigue, nausea, headache and possible unconsciousness.

Swallowing-can cause gastrointestinal, irritation, nausea, vomiting, and diarrhea. Aspiration of material into the lungs can cause chemical pneumonitis which can be fatal.

Exposure to solvent vapor concentrations in excess of the stated occupational exposure limits may result in adverse health effects such as mucous membrane and respiratory system irritation and adverse effects on the kidneys, liver and central nervous system.

Symptoms include headache, nausea, dizziness, fatigue, muscular weakness, drowsiness and in extreme cases, loss of consciousness.

Inhalation May cause drowsiness or dizziness. May cause irritation of the mouth. Throat or esophagus.

Eyes Causes eye irritation. May cause stinging/watering/redness/swelling.

Skin Causes skin irritation.

Ingestion Harmful if swallowed.

5. Fire-fighting measures

5.1. Extinguishing media

Dry chemical alcohol Foam, Water fog, Carbon Dioxide.

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: Burning may produce irritating Or toxic fumes. Carbon dioxide and carbon monoxide, various hydrocarbons, etc.

Keep away from heat / sparks / open flames / hot surfaces - No smoking.

Keep cool.

Ground / bond container and receiving equipment.

Use explosion-proof electrical / ventilating / light / equipment.

Use only non-sparking tools.

Take precautionary measures against static discharge.

Avoid breathing dust / fume / gas / mist / vapors / spray.

Safety Data Sheet

VM&P Naphtha

SDS Revision Date: 01/18/2023

Do not get in eyes, on skin, or on clothing.

5.3. Advice for fire-fighters

Evacuate hazard area. Wear self-contained breathing apparatus with a full face piece

Vapors are heavier than air and may travel along the ground or may be moved by ventilation and ignited by pilot lights, other flames, sparks, heaters, smoking, electric motors, static discharge, or other ignition sources at locations distant from material handling point. Never use welding or cutting torch on or near container (even empty) because product (even just residue) can ignite explosively. All five gallon pails and large metal containers should be grounded and/or bonded when material is transferred.

ERG Guide No. ---

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8). Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.2. Environmental precautions

Do not allow spills to enter drains or waterways. Prevent further leakage or spillage if safe to do so.

6.3. Methods and material for containment and cleaning up

Contain spillage and then collect with electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local regulations.

7. Handling and storage

7.1. Precautions for safe handling

See section 2 for further details. - [Prevention]:

7.2. Conditions for safe storage, including any incompatibilities

Keep away from heat, sparks, and open flames. Protect container from physical damage. Keep the container tightly closed when not in use. Store in a cool and well-Ventilated area.

See section 2 for further details. - [Storage]:

7.3. Specific end use(s)

No data available.

Safety Data Sheet
VM&P Naphtha
 SDS Revision Date: 01/18/2023

8. Exposure controls and personal protection

8.1. Control parameters

Exposure

CAS No.	Ingredient	Source	Value
0008032-32-4	VM&P Naptha	OSHA	No Established Limit
		ACGIH	No Established Limit
		NIOSH	TWA 350 mg/m ³ C 1800 mg/m ³ [15-minute]
		Supplier	No Established Limit

8.2. Exposure controls

- Respiratory** Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicated this is necessary.
- Eyes** Chemical goggles and face shield.
- Skin** Chemical resistant, impervious gloves complying with an approved standard should be worn at all times. Coveralls, apron, and boots as necessary to minimize contact.
- Engineering Controls** Use only in adequate ventilation. Use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits.
- Other Work Practices** Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:

9. Physical and chemical properties

Appearance	Clear liquid
Odor	Gasoline like
Odor threshold	Not determined
pH	Not Measured
Melting point / freezing point	Not Measured
Initial boiling point and boiling range	Not Measured
Flash Point	14-18°C
Evaporation rate (N-Butyl Acetate = 1)	(X) Faster Than N-BUTYL ACETATE

Safety Data Sheet

10. Stability and reactivity

10.1. Reactivity

Hazardous Polymerization will not occur.

10.2. Chemical stability

Stable under normal circumstances.

10.3. Possibility of hazardous reactions

Vapors may form an explosive mixture with air.

10.4. Conditions to avoid

High temperatures, flames, sparks

10.5. Incompatible materials

Avoid contact with: Strong acids and oxidizing materials.

10.6. Hazardous decomposition products

Smoke, carbon monoxide, carbon dioxide.

11. Toxicological information

Acute toxicity

Respiratory irritation

Safety Data Sheet

VM&P Naphtha

SDS Revision Date: 01/18/2023

An inhalation hazard may only arise if product is used in aerosol conditions if heated up. The material is misted or if the vapors are generated from heating. Exposure may cause irritation of mucous membranes and upper respiratory tract.

Eye irritation
Causes serious eye irritation.

Skin Irritation
Causes mild skin irritation

Sensitization
Not expected to cause skin or respiratory sensitization.

Aspiration Hazard
If swallowed can be aspirated into lungs and cause chemical pneumonia, varying degrees of pulmonary injury or death.
If swallowed, do not induce vomiting.

Chronic Exposure

Vapor/aerosol concentrations above recommended exposure levels are irritating to the eyes and respiratory tract, may cause headaches, dizziness, anesthesia, drowsiness, unconsciousness and other central nervous system effects including death.
Prolonged or repeated direct exposure to the skin results in symptoms of irritation and redness, dermatitis or oil acne.

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product's ATE (Acute Toxicity Estimate).

Ingredient	Oral LD50, mg/kg	Skin LD50, mg/kg	Inhalation Vapor LC50, mg/L/4hr	Inhalation Dust/Mist LC50, mg/L/4hr	Inhalation Gas LC50, ppm
